BIRDS OF A FEATHER...

OUR FREEDOM

OUR BLESSINGS

THANKSGIVING, 1972

All of us can be proud of and thankful for our remarkable heritages, our many blessings, and our hopeful future. With hindsight we can quibble about some of the actions of our forefathers, but we should be forever grateful that they fought for freedom and won, that they sought and achieved a government responsible to the public will, and that they developed a competitive economic system under which our people have grown and prospered.

George Washington's call for "humble thanks" in his first Presidential Thanksgiving Proclamation asked his countrymen to pray for forgiveness of "our national and other transgressions," for performance of their duties "properly and punctually," and for a "government of wise, just and constitutional law, discreetly and faithfully executed and obeyed."

The Father of our Country urged his people to pray for other nations "to bless them with good governments, peace, and concord; to promote the knowledge and practice of true religion and virtue, and the increase of science among them and us; and generally, to grant unto all mankind such a degree of temporal prosperity as He alone knows to be best."

Poll Hereford Fall Sale Set In Dothan

Twenty-five graded bulls, ready to go to work improving the quality of area beef herds, will headline the offering at the Wiregrass Polled Hereford Association's big Fall Sale in Dothan December 9. Forty females, including a dozen or more with calves, will also be sold.

The annual event will be held at the W. G. Bond farm, about 7 miles west of Dothan in Bay Springs Community. The sale barn is opposite Bay Springs Church, one and one-half miles South of U. S. 84. Visitors are instructed to look for the sign at James Lee's store.

Fourteen leading breeder herds in Alabama, Florida and Georgia are listed as consignors.

All bulls will be graded the morning of the sale by Dr. Richard Deese, Auburn University, and will sell in order of grade. Wiregrass Association officials point out that the opportunity to buy 25 graded purebred Polled Hereford bulls at auction in this area comes very rarely.

"We feel that our select bulls and females are qualified to go into anybody's herd and make money for their buyers."

Dr. Kimmy Is Named To Academy

John M. Kimmy, M.D., of Elba, has been named a fellow of the American Academy of Family Physicians.

The degree of fellowship is an acknowledgment of successful completion of 600 or more hours of accredited continuing medical study, or attainment of diploma status in the specialty of family medicine as a result of passing a certification examination administered under the aegis of the American Board of Family Practice.

State Troopers Check Accidents

The Alabama State Troopers investigated 249 rural traffic accidents with 89 injuries and 14 fatalities from 6:00 p.m. Friday through 12 M.N. Sunday.

The fatalities occurred, 2 each in Russell, Morgan and Colbert, and 1 each in Lee, Chocoma, Barbour, Jackson, Baldwin, Butler, Calhoun and Dallas Counties.

The Dothan District Troopers investigated 21 accidents with 5 injuries and 1 fatality during the weekend period. The Dothan District has 60 fatalities so far this year as compared with 76 at this same time last year.

Coffee County Troopers investigated 1 accident this weekend with no injuries and no fatalities. So far this year 9 persons have been killed in motor vehicle traffic accidents in this county as compared with 8 killed during the same period last year.

ELBA PTA IS FORMED

With a handful of parents and school officials present, on Monday night, November 20, a PTA for the Elba School system was set in motion.

By being organized as a parent-teacher organization, this group will be affiliated with the State and National PTAs.

Membership dues of \$1.00 are asked for each person. Of this amount, 10¢ goes to the State PTA, and 20¢ to the National PTA. The remainder of 70¢ from each dollar stays in the local PTA to be used in its treasury.

The officers and others present urge all parents and teachers to join and participate in the PTA. They hope to build a work on needed projects for the schools, bring topics of interest before the group, and create a bond of cooperation and mutual goals between parents and teachers; the aim of these being to benefit the children who attend Elba schools.

The next meeting is scheduled for January, 1973, exact date will be published before that time. In the meantime, a committee appointed by the President will study and formulate by-laws and procedures for the PTA and report such at the next meeting.

Cross Trails Regional Library got the expected bad news on Wednesday, President Nixon's veto of the H.E.W. education and library legislation took \$13,765.84 from Cross Trails' library budget. The library received \$27,522.84 in federal funds last year and will receive \$13,767 this year, a cut of 50%. Hopefully revenue sharing funds through the counties can make up the lost funds.

Postal Service Warns Mailers Of Holiday Rush Service

The U. S. Postal Service is asking holiday mailers to help postal officials deal effectively with the expected Christmas season onslaught of nine billion pieces of mail.

Postal officials recommend that mailers adhere to the following deadlines:

Surface and Space Available Mail to Armed Forces in Europe, Nov. 20.

Surface and Space Available Mail to Armed Forces in Europe, Nov. 27.

Surface parcels to Alaska and Hawaii, Nov. 30.

Surface parcels with the U.S., except Alaska and Hawaii, Dec. 15.

Surface parcels with the U.S., except Alaska and Hawaii, Dec. 15.

On Tuesday afternoon of this week, a large tractor-trailer rig overturned attempting to turn towards Elba at Danley Crossroads. No one was hurt in the accident. The truck was driven by Douglas McArthur Bonner, Americus, Georgia, and he was driving the truck, loaded with carnival equipment, to Troy where the carnival has its winter quarters. The big rig was owned by Charles Magid of Chicago, Ill.

Investigation by the driver, state police and mechanics revealed that the accident was caused by a broken brake line. State trooper Whitworth investigated the accident.

GI's Offered School Help

GI Bill students with academic problems can get Veterans Administration financial tutoring more easily under the provisions of a law that became effective October 22.

The new law (PL 92-540), which also increased educational benefits, removed the requirement that a student must be failing a course to be eligible for a VA-paid tutor. It also made tutoring available for the first time to wives, widows and children studying under the agency's Dependents Educational Assistance program.

Tutorial assistance first became available in March 1970 under Public Law 91-219. It was designed for veterans and servicemen studying on a half-time or more basis at post-secondary level who needed help in passing courses essential to their programs of education.

For this help, VA paid tutors up to \$50 for each month or portion of a month they tutored, up to a maximum of nine months.

Under the new law, however, VA pays tutors for the actual time they tutor up to a maximum of \$50 a month. This tends to "stretch" tutorial benefits which eligible persons may continue to use until a total of \$500 is exhausted. Neither law change tutorial assistance against the veteran's basic educational entitlement earned during military service. VA officials pointed out.

Bookmobile Still Gets County Funds

This newspaper has received several reports that the Coffee County Commissioners had cut off funds to the Cross Trails Regional Library Bookmobile. A check with several of the commissioners shed no light on the puzzle and finally on Tuesday of this week, Commissioner Flourey Whitman tracked down the rumor and the reason for it being spread.

It is reported elsewhere on this page that President Nixon voted legislation that would have given \$13,765.84 to Cross Trails' library budget.

Drivers of the Bookmobiles had the misunderstanding that the Counties had cut their funds and mailed out cards to various schools announcing that the counties had taken this action, according to information reported to this newspaper.

Commissioner Whitman told this newspaper that no such action had been discussed and stated that he had been assured by Cross Trails administrator, George Johnson of Opp, that the bookmobiles would be given the correct information.

Christmas Parade Set By Florist

The Elba Florist is announcing in this issue of the Elba Clipper their annual Christmas Parade and sing-in on Wednesday, November 29th, at 6:00 p.m. The parade will begin near the Elba City Hall and continue down Main Street.

Various downtown merchants will be offering Christmas specials between the hours of 6 and 10 p.m. Shoppers will be urged to register all day for prizes and gift certificates to be given away.

Vaughan Is Appointed By City Council

The Elba City Council held its regular meeting on Tuesday night of this week and discussed a wide variety of subjects, including trash pick-up, airport expansion, sewage system problems, federal grant money for police cars, imposing a use tax in Elba, uniforms for city employees and rising electric rates, none of which any action was taken.

The Council, with all members present, appointed Glen Vaughan to the Elba Housing Authority for a five year term. The position is a non-paying position.

The Council instructed City Clerk Tom Dyess to send out bid request for the purchase of a new garbage truck - one with either a 20 or 25 cubic yard packer unit.

Also approved was a motion for the city clerk to request bids on a new police car.

BAPTIST TO HONOR STROZIER

The Coffee County Baptist Association will hold special services honoring the A.L. Stroziers on Sunday, November 26 at 2:30 p.m. The service will be held in the First Baptist Church of Enterprise, and will honor the Stroziers for their 26 years of service to this year.

AERIAL PHOTO SHOWS VARIED INDUSTRY IN ELBA

BEN RINGSDORF HAS BEEN A POW 6 YEARS AND 12 DAYS. THAT IS 314 WEEKS.

2,202 DAYS

The Pastor's Corner

REV. EDWIN R. SELLS

Celebrations of thanksgiving go far back into history. Their origins can be traced to the people in the land of the Canaanites from whom the children of Israel copied many customs. In the Book of Judges we read of these people and their long wanderings in the wilderness.

Most thanksgiving observances have had some religious origin and were religious in nature. Not all festivals were held to show gratitude for harvest. The annual festival that the pilgrims held was in July when a ship carrying much needed supplies was sighted. The American Indians observed several annual days of thanksgiving.

Thanksgiving to most Americans today is not to show gratitude for harvest as do our forefathers but to show appreciation for those fathers and their heritage.

Most of all, of course, it is for giving thanks for all of God's goodness.

Thanksgiving is a family day. It is a time when there ought to be a time of family worship around the table. The scripture should be read and prayers of thanksgiving should be directed to Almighty God.

As the old song says, "Count your many blessings, name them one by one and it will surprise you, what the Lord has done." We need to stop our business long enough to do this.

Give thanks unto the Lord, O ye saints of the Lord.

Questions And Answers

INTERNAL REVENUE

Q. My landlord automatically raised my rent 2.5 percent last March. He says he can automatically raise rent another 2.5 percent in January. Is this true?

A. No. A landlord must wait until 12 months have elapsed since the last automatic 2.5 percent increase before raising the rent another 2.5 percent. In your case, he will have to wait until March before increasing the automatic increase. However, in the case of a month-to-month lease, a landlord may pass on increases in state and local taxes.

Results Of 1972 Election

BILL DICKINSON

The election of 1972 is over and things are back to normal. Looking back over the past year, it is hard to believe that the South is the future of the Republican Party. This is because both the Republican Party and the South have the same basic conservative philosophy.

Barry Goldwater, a conservative Republican, broke the tie for the Republican Party in the South, and just eight years later President Nixon was the first Republican ever to sweep the 11 states of the "solid South". Obviously, steady growth of the Republican Party in the South is occurring, no matter how many "grandpas" turn over in their graves.

This year the Republican Party made its most significant gains in North Carolina where it elected a governor and a senator. Former television commentator Jesse Helms, a conservative, defeated a three-term Democrat to become North Carolina's first Republican senator in 72 years. Republican State Representative James H. Isham upset his highly favored Democratic opponent to capture the governorship of North Carolina.

South Carolina Republicans captured an additional congressional seat, re-elected Strom Thurmond and picked up 12 more seats in the Senate. The state's new GOP Congressman is Ed Young.

In Mississippi, two Republicans were elected to Congress — Trent Lott and Dan Claitor.

Republicans in Tennessee gained control of the state's congressional delegation for the first time in history. Conservative Robin Beard unseated his liberal Democrat opponent and all other incumbents, including

BRAINSTORMS

With Ferrin Cox

Well, both of Alabama's major college teams will be playing in major bowls this year. They both have my congratulations. So much for that. Now for my comments on Alabama's choice of the Cotton Bowl over the Orange Bowl and replaying Nebraska. The only thing Alabama could possibly have gained was "revenge," maybe. Somehow I just don't think the rematch would be as appealing to the public as the present line-up. As for the complaints of little-old-Johnny Rogers, star player of Nebraska, he could better spend his time staying out of trouble with the law. That Notre Dame coach by the name of Parseghian was complaining also but who is he to criticize anyone? If my poor memory serves me correctly, several years ago he elected to tie a game rather than try for two points and a win. It was concluded that he did this to preserve his then #1 national ranking. Yet he criticizes Alabama for not playing Nebraska. -- I wonder if we could see inside his brain, we would probably find he was mad because Alabama's decision forced him to play Nebraska and he is scared of them!

Recently I had the first opportunity in my life to vote on a wet-dry issue and I missed it. After getting down the ballot quickly pulling the levers of those I wanted to vote for, I opened the curtain and walked out. I had been asked to reach back to the top and voted on the wet-dry or either of the amendments. I might add that the election had been very close either way. You would never have known about this little happening. One good thing for me was to hear of so many intelligent people that pulled the same lever. I did this because I justify my actions. Cause if smart folks forgot, no one can expect someone like me to remember!

Recently the Elba Exchange Bank opened their three-lane drive-in window complex. On the very first day I decided to see if it really worked. I drove up to the one furthest from the bank and told the drive window to give me change for a \$20 bill. I had been told that the drive window was very close either way. You would never have known about this little happening. One good thing for me was to hear of so many intelligent people that pulled the same lever. I did this because I justify my actions. Cause if smart folks forgot, no one can expect someone like me to remember!

County Sales Tax

The county-wide sales tax has again been proposed by the Coffee County schools. Last week, Superintendent Harvey Lockard urged the Coffee County Commissioners to impose the tax county-wide which means Elba and Enterprise would have a total of 6¢ sales tax. They proposed the tax be divided on a per-student basis between the school systems in the county.

Let it be noted here that neither the Elba nor the Enterprise school system joined in the request even though Lockard proposed giving them part of the funds. This issue was a very heated one a couple of years ago in Coffee County with a lot of figures being batted around, contradicting those issued by someone else.

We have no idea what the solution is to the financial problems of any of the schools, or if they really have a major problem. BUT, we strongly urge that the County Commissioners take NO action of a permanent nature before the newly elected commissioners take office. Commissioner Buster Bond of District 1, 6 to 11, 12th, and of attending many meetings. With three new commissioners taking office in January from District 4, we feel it would be very poor judgement for the Commission Court to take any action on this matter before these men take office.

social security QUIZ

How many people today get social security checks every month?

☐ A. Over 1 million

☐ B. Over 5 million

☐ C. Nearly 10 million

☐ D. Over 28 million

Coffee County Votes Dry

A funny thing happened on the way to the polls Tuesday—Coffee County voted dry.

General opinion seemed to be that the rail vote was graced by Dale County's voting wet on May 2 for Coffee County to follow suit. At this writing we have not seen the final vote on this issue, but we understand the county voted to remain dry by several hundred votes.

A lot of people seem surprised by this vote. We are not surprised at all. In conversation with the people who voted, we predicted that Coffee County would vote dry.

Our reasoning was the fact that Coffee County had not voted on the wet-dry question in a long time. One report I read said 1946, the other said 1937. Regardless of which date is correct, very few voters in Coffee County had ever faced a wet-dry referendum before. Add to this the fact that Coffee County has a much larger rural voting population than Dale County. And you know how the feeling is in rural areas about this question.

People in Coffee County are no different than the people in Dale or Houston County for that matter. The invisible county line that separates us draws no distinction in any area, except this one activity. We can legally sell, consume, and derive tax benefits from alcoholic beverages.

A. No. The county did not vote on the wet-dry question in a long time. One report I read said 1946, the other said 1937. Regardless of which date is correct, very few voters in Coffee County had ever faced a wet-dry referendum before. Add to this the fact that Coffee County has a much larger rural voting population than Dale County. And you know how the feeling is in rural areas about this question.

People in Coffee County are no different than the people in Dale or Houston County for that matter. The invisible county line that separates us draws no distinction in any area, except this one activity. We can legally sell, consume, and derive tax benefits from alcoholic beverages.

Letters To The Editor

Elba, Alabama

November 20, 1972

Mr. Ferrin Cox, Editor

The Elba Clipper

Elba, Alabama

Dear Ferrin:

It is in behalf of the Elba Business and Professional Women's Club that I write this letter.

This past Summer the State Federation of Business and Professional Women's Clubs undertook the biggest project ever in our over 50 year history. That project is the writing of this letter which I will get to a little later. But first, I am sure that you and most of your readers are familiar with the Alabama Boys Ranch which is sponsored by Alabama Sheriffs and Police Departments over our State. This Home for underprivileged boys is funded entirely by membership dues, donations, memorials, and etc. No State or Federal funds whatsoever. (My husband and I have been a member of Boy's Ranch since it's organization a little over 10 years ago. It started in it's seventh (7) year last October. I personally feel that the little we

contribute each year goes for the most deserving purpose of any of the money donated to any cause during the year.) This institution was founded on the principle that it is easier to build a man than to try to repair a man, and Mr. Don Acton, administrator of Boy's Ranch, stated recently that not one boy who has ever lived at Boy's Ranch has ever been in trouble with Law Enforcement Officers.

Well, you say, what's this got to do with Business and Professional Women's Clubs? Simply this. We realized that not only did boys (who through broken homes, death of parents, or other reasons, most of them heart-breaking) need a home and someone to love and care for them, there are hundreds of girls throughout the State of Alabama in the same predicament. So, we resolved and acted upon the need to do something about this sad situation; hence Alabama Girl's Ranch. This will be operated under the supervision and auspices of Boy's Ranch.

This facility will be located on a beautiful 200 acre plot donated to the B. W. P. W. organization for this cause. It located 1.5 miles from Auburn, Alabama and construction will begin January 1973. Hopefully, we will have the facility able to move in by mid-year. The over 3,000 members of the Alabama and Professional Women have contributed over \$11,000.00 through Girl's Charter Memberships offered exclusively to them during the months of September and October of this year. As of November 1, 1972, Charter Memberships are now being accepted by the public and that's the purpose of this letter. We need your help and the help of each of your readers in order to achieve our goal in this most important endeavor. Without your help some girl who needs help will be left out.

The members of our local Club here in Elba are now soliciting memberships. Girl's Charter Membership is only \$25.00 with a membership fee of only \$10.00 per year thereafter. We urge each and every person reading this letter to open up your hearts and purse and give us your support in this endeavor. I believe that you will receive a great satisfaction from your participation in this project.

Please don't wait for us to call on you; get on the telephone or personally call one of our members today. We will be anxiously awaiting your call. I thank you for your attention in this matter and am, Sincerely yours, Betty L. Adkinson Mrs. Kaylon (Betty) Adkinson President, Elba B. & P. W. Club

If, for some reason, you don't feel that you can afford a full Charter Membership of \$25.00, we have an alternative. We can accept associate memberships are offered for \$10.00. Also, donations of any amount will be appreciated and acknowledged. Any money received by Girl's or Boy's Ranch is fully tax deductible, by the way. Again, please let us hear from you today!

Most Heavenly Father, we thank You for our most devotedly loved Coffee County. We are grateful for the two football teams, both active; for two Scout Camps, and two court houses, at Elba. Homecoming, we take for granted or use the most? Are you thankful for the rights and freedoms granted to us? You before you were born? The Bill of Rights, the first 10 amendments to the Constitution of the United States, gives

us the freedom of speech, religion and press and the right of assembly and petition. Have you ever thought about the freedoms and rights granted you that you are not specifically mentioned in the Constitution? Some of them include the right of an education, the right of determining your own fate, the right to choose your own form of government, the right to be able to listen to or read any form of communication, whether it be printed, broadcasted or reported. Your rights extend to the 10 amendments to the Constitution of the United States, gives

Thanksgiving 1972

Senior Of The Week

We would like to congratulate Max Davis for being chosen as the Senior of the Week. He is the son of Mr. and Mrs. Malcolm Davis of Elba.

Max is studying advanced composition, typing, I, democracy, bookkeeping, algebra and physical education. He plans to attend college after he graduates.

Max gave as his opinion of our school these two words, "prison." He thinks we could improve our school by having more of our students participate in Sunday School, Morning Worship and Evening Worship. He also likes hunting, fishing, football, basketball, and swimming. His main interest is Girl's Charter Memberships offered exclusively to them during the months of September and October of this year. As of November 1, 1972, Charter Memberships are now being accepted by the public and that's the purpose of this letter. We need your help and the help of each of your readers in order to achieve our goal in this most important endeavor. Without your help some girl who needs help will be left out.

Azalea Garden Club Holds Call Meeting

Former Elba Citizen Receives Promotion

Dr. James I. Dawson, former teacher of Mulberry Heights High School, Elba, Ala., has been promoted to Associate Dean of the School of Agriculture and Environmental Science at Alabama A. & M. University, Huntsville, Ala.

Dr. Dawson's major responsibility is to supervise the University's Cooperative Extension Program and serve as Chairman of the Graduate Program of Agricultural Education.

The Extension Program covers nine North Alabama counties, employs fifty-seven professional and para-professional workers and is operated from an annual federal grant of \$350,000.

Current Extension Programs consist of Leadership Development, Housing, Nutrition, Consumer and Home-making, Education and Extension of Support for Limited Resource Farmers.

Dr. Dawson states that the major thrust of the University's Cooperative Extension Effort is to aid in raising the socio-economic level of rural low income families.

The Azalea Garden Club held a call meeting, prior to the regular session, on Wednesday morning, November 8th, at 9:15 in the Educational Building of the Methodist Church.

Mrs. Price Ringo, President, presided and presented the items of business to the quorum present. Letters of resignation from Mrs. Edwin Sells and Mrs. J. M. Kimmey, the recording Secretary, were read and accepted with regrets.

Miss Zedie Rowe was named to serve as secretary. At 9:30, the members assembled in the main hall for the regular order of business. The program and social hour. On arrival, the hostesses, Mrs. Duke Tatum, Mrs. Mose Hamm and Mrs. Claude Dorsey, served delicious Coffee Cake and Coffee from an attractively appointed table centered with a basket of colorful fall flowers.

Mrs. Price Ringo, President, opened the meeting with the Club Collect read in unison. Roll was called and minutes of the October meeting read. Pennies from Heaven were collected and the financial report made by Mrs. F. H. Murphy, acting for the Treasurer. Mrs. Boyd Murphree, Other officers and committee chairmen reported. The President read a letter of thanks from Mrs. Oliver Williams for the lovely picture presented her as a going-away gift. Mrs. Kasper Anderson reported that the Club's order for articles to be sold from "Bright of America" had been acknowledged and would be ready for shipment in a few weeks.

Mrs. Nellie Martin and Mrs. Edward Baker were welcomed as new members. Mrs. F. H. Murphree read names submitted for future membership. Mrs. Bancroft Cooper led the discussion of a plan to provide Christmas packages for the residents of the Nursing Home. The Club voted to let the Com-

mittee select and collect the gifts, and each member contributed to the fund to be used. Mrs. Sam Rowe reported that the Yard-of-the-Month plaque was awarded to her and Mrs. Carlos Parrish and that, due to unfavorable gardening conditions during the winter months, no further awards would be made until spring.

The program was "A Workshop Making Table Decorations for Holidays," under the direction of Mrs. Oscar Vaughan, Jr. and Mrs. E. H. Lee. Work tables had been arranged and each member given a bag of materials consisting of styrofoam, pine cones, greenery, ribbon, spray, paint and glue to be added to the materials brought. This proved a most delightful and educational hour with many beautiful and original ideas worked up.

At the noon hour, a delicious luncheon menu was served. The table was covered with an embroidered linen cloth and had for center decoration a footed silver urn of various colored fall flowers. Mrs. Robert Davis, Jr. gave the invocation. Members present were: Mrs. Kasper Anderson, Mrs. Baxter Bryan, Mrs. Harry Bulard, Mrs. Robert Cannon, Mrs. Fred Clark, Mrs. Drexel Cook, Mrs. Bancroft Cooper, Mrs. Claude Dorsey, Mrs. Mose Hamm, Mrs. R. H. Lee, Mrs. V. D. McCreary, Mrs. F. H. Murphree, Mrs. May Prescott, Mrs. Price Ringo, Mrs. Sam Rowe, Miss Zedie Rowe, Mrs. Duke Tatum, Mrs. F. H. Lee, Mrs. Whitman, Mrs. Robert Davis, Jr., Mrs. Edward Baker and Mrs. T. T. Rhodes.

Cosmetology Class To Begin At MacArthur Tech

The next cosmetology class at MacArthur State Technical Institute is scheduled to begin on January 2, 1973. Applications are now being taken at the school Admissions Office. After completion of 1200 hours of training, students will be eligible to take a state board examination to receive a license to work. During this one year course, they will learn hair styling, permanent waving, haircutting, manicuring, and facials.

Cosmetology students may be employed as cosmetologists, hairdressers, manicurists, and shop managers.

County, Alabama, Elba Division, in Equity, rendered in the above styled cause, said Decree being dated the 14th day of November, 1972, the undersigned, Gladys Clark, as Register of said Court, will proceed to sell, at public outcry, for cash, to the highest bidder, between the legal hours of sale, before the Courthouse door in Elba, Coffee County, Alabama, on Tuesday, November 28, 1972, the following described real estate located in the County of Coffee, State of Alabama, to-wit:

The Pilgrims Had the Right Idea

Throughout our lives we have heard the story of how Thanksgiving Day originated. The Pilgrims wanted independence to worship, speak, and be governed as they wished. After a year in the New World, the Pilgrims felt that they had made new friends, so they held a feast in honor of their accomplishments and to thank God for providing these accomplishments.

This was one of the earliest holidays founded in America that is still carried on today. Each year most people celebrate by eating turkey, enjoying friends, or watching football games. Hardly anybody celebrates Thanksgiving the way it was originated. On Thanksgiving Day, as well as other days, people are too busy telling what's wrong with the government, the land, or the people instead of being thankful for what we have.

Today the United States is a world leader in almost everything. We lead in defense, educational opportunities, world power, etc. As Americans we have much to be thankful for. Throughout American history man has used his talents to improve our nation. America was founded upon wisdom, and for it to survive, Americans must use wisdom that will benefit themselves and others around them. Thanksgiving Day is exactly like the word - giving thanks for what we have. No one has just what they want, and many do not have what they need. Yet, we must be thankful for what we have received for we are not entitled to improve ourselves without our wants and needs.

America is facing many problems today and many people have this attitude: "It's not my problem. I didn't create it, so therefore they can work it out the best way they know how. There's where the problem is. The people are the nation. What we say and do affects what will happen in the future."

The ideal of Thanksgiving was founded when America was being settled on the idea of independence and freedom by all the people combined to strengthen the nation and to build a nation to fulfill the desires for everyone. Each year America is growing farther away from these ideals of Thanksgiving. Before it is too late, we must start practicing again the idea of thanking God for our accomplishments every day as well as on Thanksgiving.

Teacher Talk

Mrs. Percy Nelson, Special Education teacher, is welcomed this year as a newcomer to our school. She seems right at home though as she under takes the task of providing special attention to each member of her class.

Mrs. Nelson lives in Brantley with her husband Natel, who is a mechanic there, and their 6-year-old daughter Lisa, who is in the first grade in Brantley. When asked what was needed to improve Zion Chapel, Mrs. Nelson answered, "We need a Home Economics and Vocational Agriculture class because so many students are not going to college and they need training." She also stated that what she liked about the school is the smallness of it and the fact that everyone knows one another and there is a good relationship between all.

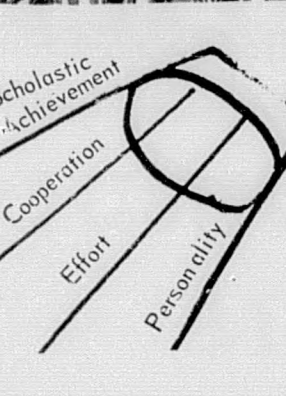

Mrs. Nelson enjoys sewing, reading, skiing, and swimming. After talking to her a little while you know that her main interests are her family and her teaching. A pretty smile, sparkling wit, and friendly disposition have made both students and teachers glad that Mrs. Nelson is a member of Zion Chapel's faculty.

Student Spotlight

In this week's Student Spotlight is Steve Williams, son of Mr. and Mrs. Bobby Williams of Route One, Jack. Steve is in the eleventh grade. He has done good work as a member of the 4-H Club, serving as secretary and as reporter. Steve has won a Public Speaking Award in 4-H.

Very interested in basketball, Steve has played guard position for 4 years and has been awarded the Good Sportsmanship Award. He has played shortstop and second baseman during his two years on the baseball team. Steve says that he likes to spend his spare time riding horses or playing basketball. Steve maintains a high scholastic record as well as exhibiting a pleasant, agreeable personality. This is Steve's first year at Zion Chapel and we feel lucky to have him as a member of the student body.

News From the Young Rebels

The Title I Mathematics Program at Zion Chapel School is designed primarily to aid in the normal progress of students in grades one through six. As is common in most learning situations, students in their early years may have difficulty in maintaining a steady progression in certain subjects.

At Zion Chapel Math is one of these subjects. Math is very important in the educational development of any student, therefore some effort should be made to aid in this subject. By using standardized tests and upon the recommendation of parents and teachers, students are selected to receive this additional training. The program is not a complete course, its purpose is to help a student in the specific area of math that he is weak in. After this has been accomplished, the student may return to his grade level and show normal progress in all areas of math. The design of

Remembering Times With You
Why are people the way they are?
Raining relations and leaving scars?
I think about it night and day.
Sometimes I think I'll run away.
Time is fun when I'm with you,
I act myself and know what to do.
Remember the times together we've shared?
I wish I knew if you really care.
For what is life without a dream?
For what is life without a wake and scream.
A nightmare from which you'd wake and scream.
I wish you thought of me as I do wish.

Senior of the Week

Stan Compton, son of Mr. and Mrs. James G. Compton, of Route 5, Elba, has been selected as Senior of the Week. Stan belongs to the Beta Club, 4-H Club, Z Club, and is a member of the Annual Staff. Stan has played basketball for 5 years, and has been a member of the Track team for 1 year. Without his "talented toe," Z.C. might have done less well in football this year because Stan was responsible for the kicking. He has been a football team member for 3 years.

His reply to the question of what he liked about Zion Chapel was, "The way Mr. Green enforces the school policies. There is also a better student-teacher relationship. I like Zion Chapel the way it is."

Stan's interest and hobbies are hunting, fishing, and working on cars. He plans to attend college or trade school upon graduation.

Today I live in memory and sorrow
Each day I look forward to a better tomorrow.

Farmers are foremost environmentalists, says the USDA Public Advisory Committee on Soil and Water Conservation. In their recent meeting in Washington, D. C., they called upon the Department of Agriculture to redouble efforts to inform the public of agricultural contributions to environmental improvement.

One type of agricultural improvement which helps our environment is the animal waste problem in the farm. This enables maintenance of healthy, sanitary conditions on the farm, as well as pollution prevention in surrounding streams and lakes. Coffee County farmers establish many practices to improve our environment with more emphasis being placed on sediment and pollution control. Many farmers are considering animal waste lagoons. Don Smith, of the Batten's Cross-Roads Community, is presently constructing a lagoon large enough to accommodate the animal waste from his dairy farm. This not only helps the farmer in taking care of the waste problem on the farm, but it is a big step toward preventing pollution.

Farmers considering any sizable livestock operation, may contact the local Soil Conservation Service Office, in New Yorktown, for specifications and assistance with lagoons.

SCS PERSONNEL CHANGE

William E. Austin, Deputy State Conservationist for the Soil Conservation Service, in Alabama, has been named State Conservationist for Florida. In making the announcement, W. B. Single, Alabama State Conservationist, said the promotion and new assignment will be effective November 12, 1972, and that he will be head-quartered at the state office in Gainesville, Florida.

As State Conservationist, Austin will be responsible for managing and directing all programs and functions of the agency in Florida. As Deputy State Conservationist, Austin was in charge of state-wide operations for managing and directing the administrative and technical functions of a comprehensive soil and water conservation program.

Austin, a native of Mecklenburg County, North Carolina, attended Lees-McKee Junior College at Banner Elk, North Carolina, and graduated from North Carolina State University with a degree in Agricultural Engineering. He began his career with the Soil Conservation Service in 1949 as a Soil Conservationist, Watershed Project Engineer, and later to State Watershed Planning Party.

At Austin will be responsible for managing and directing all programs and functions of the agency in Florida. As Deputy State Conservationist, Austin was in charge of state-wide operations for managing and directing the administrative and technical functions of a comprehensive soil and water conservation program.

FOR SALE: 1965

By Tom Casadey, County Extension Chairman

OUTLOOK
A lot of Coffee County farmers are making plans for next year. I always like to give some of the outlook information as prepared by our people at Auburn. Here is the latest as prepared by our Farm Management Specialist at Auburn.

Peas: Prices received for peas in 1973 will most likely follow those established this year, but if economic conditions change, a slight increase can be expected.

Fruits and Vegetables: Assuming normal crop volumes and seasonal seasonal spreads in harvest and marketing, 1973 prices of fruit and vegetables should continue to slightly increase.

Beef Cattle: Cow calf operators can look forward to favorable returns in 1973. Moderate profits appear likely for all segments of cattle industry with strong pressure upon finishing operation by prices paid for feeder cattle.

Swine: Continued growth in demand for pork, feeding prices to remain above \$22.00 per hundredweight for first half of 1973.

Forestry: Outlook for forest products looks real bright as consumption continues to grow. Slight upward shift in prices expected for 1973.

FORESTRY DEMONSTRATION
A lot of folks don't know it but timber prices have increased dramatically in the past year. This is particularly true of sawtimber. Whereas a year or so ago pine stumpage was bringing about \$40 a thousand it is bringing \$70 a thousand at the present time. I talked with Extension Forester Larkin Wade recently about publishing timber prices much the same as we do for hogs, beef cattle, poultry, cotton and other commodities.

Perhaps there is a chance that this can be done on a statewide basis.

The Forestry Demonstration on Mrs. Shealy's farm near Damascus worked out fine Friday. Approximately 75 people attended. There were great interest in the land-clearing demonstration, the land-seeding program and other things that Mrs. Shealy had going on her property. I hope that in the immediate years ahead Coffee County landowners can make their forest lands profitable. This increase in the price of stumpage for sawtimber will certainly help get people interested in management practices.

AGRIBUSINESS OPPORTUNITIES
Our high school are teaching course in agribusiness and have been for a number of years. The Enterprise State Junior College, under the leadership of Glen Spivey the Agribusiness Education Leader, will offer a two year course in agribusiness education. Industry is looking for young men who are experienced and trained in various phases of servicing and selling of agriculture.

"Aho, matey - how're things ashore?"

It is a genuine pleasure to serve you.

We value your friendship, loyalty and confidence.

There is no more appropriate time than now to tell you so. We thank you for being our bank customer.

Happy Thanksgiving

Nickie Sexton Receives \$100

Nickie Sexton (left) 11th grader at Zion Chapel School receives a \$100.00 scholarship in Junior Leadership Scholarship from Mrs. Sandra Coffey, Extension Home Agent (right). Nickie is state 4-H winner in this project.

few nights ago when I talked with Andy Wilson of New Hope and Sammy Dennis of Mt. Pleasant. Both of these young men were very active in 4-H Club work several years ago. Wilson served as President of the Coffee County 4-H Club Council and Dennis served as President of the Mt. Pleasant Senior Club. Both are now employed by ConAgra Inc. here in Enterprise, and I know that they are doing outstanding work for this company. There are still a lot of opportunities in agriculture for young men who are willing to work.

BROILER PRODUCTION
I understand that poultry processor ConAgra Inc. of Enterprise is now expanding their processing facilities. This is a magnificent plant and is going to mean great opportunities for a lot of people in Coffee County. My hat is off to the people who have been involved in this project from the very start. I know that good things are going to happen as a result of their work and dedication.

Thinking of the broiler industry, I am reminded that it is a very efficient industry. George Thompson, who lives in Enterprise, represents a firm that manufactures broiler and layer equipment, gave an interesting program Tuesday night on automatic broiler equipment. The main emphasis seems to be on good equipment being installed to cut down on the labor requirements for producing broilers and eggs.

SOIL TESTING
Hundreds of soil tests have gone into the Soil Testing Laboratory at Auburn in the past three weeks. Several companies in the county are cooperating in this soil test program. They not only encourage farmers to have their soil tested, but are paying the bill.

Someone has said that the man who gets ahead is the one who does more than is necessary—and keeps on doing it. This certainly applies to people who are soil testing. Coffee County farmers have kept this county at the very top in testing in soil samples to the laboratory. Soil testing is more important now than ever before because our opportunities are greater than ever. Supplies are available at our office and several of the agribusiness firms in the county.

Mr. Fuller was born in the Coffee County, Alabama area on February 14, 1906, the son of Acie Jack and Argie Strickland Fuller.

Survivors include: his widow, Mrs. Martha Louise Lott Fuller, one son, Clayton Fuller Jr., Atlanta, two daughters, Mrs. Evelyn (R.C.) Redding, Shelby, N.C.; Mrs. Jean (D.C.) Waters, Seattle, Wash.; four sisters, Mrs. Ethel Shiver, Jay, Ala.; Mrs. J. A. Rodgers, Geneva, Ala.; Mrs. H. D. Tillman, Elba, and Mrs. Howell Griswold of Brundage, Ala.

Candidates for the degree include: Earl Clements, B.S.

He had 11 grandchildren.

With the 1,085 awarded during summer commencement in August, a total of 1,809 degrees will have been awarded since June, the final quarter of the fiscal calendar year.

Other activities on Dec. 8 will include joint military commissioning ceremonies at Langdon Hall at 9:30 a.m. and the president's reception from 10:30 a.m. to 12:30 p.m. in the Union ballroom.

ASC Ballots Must Be Returned By Friday

Coffee County farmers are in the process of voting their choice for ASC Community Committees. Rollan Day, chairman of the County Committee, said ballots were mailed on November 17 and they must be marked and returned to the ASC office by December 1 to be counted.

Votes will be publicly tabulated by the County Committee on December 8 beginning at 7:30 a.m. Anyone may view the voting.

Day recounted that each farmer may vote for not more than three candidates. He may vote for those named or write in his own choice on lines provided.

In each of the five ASC communities in the county, three community committees and two alternates will be elected. The candidates receiving the greatest number of votes will become chairman, second highest, vice-chairman, third, high, regular member, and fourth and fifth highest become first and second alternates.

Committees are elected for one-year terms, beginning January 1, Day said. "It is very important that farmers elect representatives and qualified farmer-neighbors for community committee posts. These committees elect the County ASC Committee and choose its officers. They also help keep their communities informed on low individual farm operations will be affected by farm programs under the Community Committee. Major ASC programs in this county are: Rural, Environmental Assistance Program, Peanut Marketing Quota, Wheat, Feed Grain and Cotton Programs.

Ballots should be voted, sealed inside the plain envelope, inserted in the envelope addressed to the County office, and mailed or carried to the County ASC office in New Brockton.

Mrs. Bess has been a member of the Cosmetology Staff at MacArthur Tech for the past six years. She received both basic and advanced training at George C. Wallace Technical Institute in Dothan. She holds a Bachelor of Science degree from Troy State University and is presently enrolled in a program of graduate study at the university. Mrs. Bess lives in the Kinston Community.

The Department of Cosmetology admits new classes at six month intervals. Applications are now being taken for the new class beginning January 2, 1973. Prospective students are urged to apply as early as possible.

Garden Club Plans Rummage Sale
The Magnolia Garden Club will sponsor a rummage sale Saturday, Dec. 2, from 9:00 a.m. until 1:00 p.m.

The sale will be located in the building at the corner across from L. M. West.

Open House Planned At New Schools
There will be Open House at the new Elba Middle School and Area Vocational School, on Sunday, December 10, from 2:30 until 4:30 p.m.

Members represent all sections of the County. All interested citizens are invited to attend and learn more about OCAP and the part it plays in the Community.

City Council Considering Use Tax
The Elba City Council is considering passing a city ordinance imposing a use tax on items purchased out of Elba and brought into town for the sale. The sample ordinance presented to the council reads to include any purchase (TV, car, etc.) by individuals but discussion with individual councilmen reveals that the intent of the ordinance is to remove the disadvantage out-of-town sellers have over local merchants in the sale of merchandise consumed by local business and industry.

The sample ordinance currently being studied by the councilmen calls for a 1% figure as a use tax, an amount equal to the current Elba sales tax. As it currently reads, no item subject to the Elba sales tax would be exempt from the use tax. It includes several variations of the 1% figure including a 1/2 cent on police jurisdiction sales and down to 1/8 cent on certain type sales.

Bar Becue Set At Wise Mill Church
There will be a barbecue at Wise Mill Assembly of God Church on Saturday, October 28. Serving starts at 11:00 a.m.; plates are \$1.25.

Accident Claims Life Of Man
An automobile accident in the New Hope community Sunday morning took the life of Donald Maddox, age 34, of New Brockton. Maddox was driving a 1968 Dodge that left the road at a high rate of speed. He was thrown from the car as it turned over end.

A unit of the Brundage Rescue Squad rushed Maddox and a passenger to the Dale County Hospital in Ozark and he died as he was being prepared for transfer to a specialist in Dothan. The passenger, Whom Maddox was taking home, was treated for minor injuries and released from the hospital.

Witnesses report that Maddox walked from where he was thrown out of the car to where it had come to rest and started talking to his passenger and then fell to the ground. He reportedly suffered extensive head injuries when he was thrown from the car.

The accident was investigated by Trooper Ronnie Whitworth.

Commissioners Fail To Act On Sale Tax

In their regular session on November 27, Coffee County Commissioners heard from a delegation of merchants and citizens of the county in regard to the proposed 1% sales tax. Spokesmen for the delegation voiced their opposition to this proposed tax, and asked that the county find another method of raising the money. The Commission took no action on the proposed tax, and said they would not do so until they have further facts and figures on which to base their decision.

Some weeks back, County Superintendent Harvey Lockard asked the Commissioners to impose the tax county-wide, to be divided on a per student basis between the school systems in the county.

In other action, the Commissioners heard a request from Cross Trails Regional Library Director George Johnson. Mr. Johnson asked for additional funds to make up the loss resulting from President Nixon's veto of the HEW education and library legislation. Cross Trails' budget will be \$13,765.84 less than expected, and of the 5 counties served, Coffee County's part would be \$4,000.26.

The Commission approved the request.

OCAP Advisory Board To Meet
The regular Advisory Board Meeting of the Organized Community Action Program will be held at 7:00 in the Elba Center December 4, 1972.

OCAP consists of eight components: Family Planning, Head Start, Low Income, Service Centers, Conduct & Adm., N.Y.C., Central Regional Housing, C.O., One of these components will be represented at each Advisory Board Meeting, explaining and answering questions.

Church pastors will be called on in the future for educational, and he will be free to leave if he so desires after this. Interested pastors are urged to call the center, 897-2667, and volunteer his services.

3 Injured In 1 Car Accident
Speed was listed as the cause of this one car accident last Friday morning. Three young men were in the car when it overturned near Buck's Mill Creek on the Elba-Samson highway. Driver of the car was Larry Rowe, age 19, of Route 4, Elba. The car was a 1964 Pontiac LeMans.

One passenger suffered a broken collarbone. The others had only cuts and bruises. First reports indicated one of the passengers was pinned under the car but he had been pulled free when the Elba Rescue Squad arrived on the scene. Investigating, the accident was Trooper Ronnie Whitworth, Elba policeman Pete Daugherty, Deputy sheriffs Neil Grantham and Don Rayford.

Coffee County Troopers investigated a car crash this Friday weekend with 2 injuries and 1 fatalities. So far this year as compared with 79 at this same time last year.

The Dothan District Troopers investigated 28 accidents with 19 injuries and 2 fatalities during this holiday period. The Dothan District Troopers investigated 309 rural traffic fatalities with 163 injuries and 16 fatalities. These fatalities occurred: 3 in Dallas, 2 each in Walker, Elmore, Morgan and 1 each in Baldwin, Calhoun, Chambers, Tallapoosa and Jackson County, Georgia and Coffee County.

These accidents bring the number of people killed in rural traffic accidents in Alabama this year to 808 compared with 855 killed during the same period of time last year for an increase of 43 fatalities.
